

Let's prepare a special celebration for your child together!

We are experts in creative birthdays!

innovative and interactive
Smart Play Center

Why is it worth organizing a birthday party with us?

We will take care of the comprehensive organization of the party!

Parents will find time to relax and chat with each other, and the animators will make sure the children have a great time

There are no hidden costs in our offer!

The package price includes refreshments for children and the care of a dedicated animator!

Birthdays are a time full of smart fun!

Children will spend quality time with us during their birthday party!

Now organize your birthday in 5 steps...

Step 1:

Choose a package

- A smart gift for the birthday child
- Premium workshops with an animator

MINIMUM NUMBER OF PEOPLE: 10

Step 2:

Choose workshops and attractions

Smart +

For 5 year olds

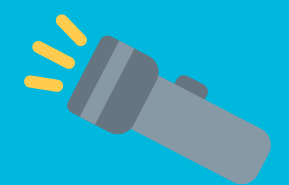

The Secrets of Colors

- How many colors are hidden in Smart Kids Planet? Together, we'll embark on a journey to collect all the colors of the rainbow! We'll discover what's at the end of the rainbow, test how a prism works, and finally, capture a rainbow in a test tube!

For 7 year olds

Cyanotype

During this workshop, we'll create incredible paintings using light! We'll use photosensitive paper and fluorescent paints! We'll also learn what light is, how fast it travels, and whether it has color!
It will be smart!

For 5 year olds

Bath bombs

It's time to open a little chemist's laboratory and create something unique – eco-friendly bath bombs! We'll decide the color, scent, and additives. The knowledge we gain will allow our little ones to continue this chemistry fun at home!

Krok 2:

Choose workshops

Smart +

Explorers' planes

For 4 year olds

Ready for an aerial adventure? So let's take off! We'll explore different modes of transportation, explore the world map, and discover why airplanes can fly! As a souvenir from our aerial journey, we'll assemble a simple airplane model ourselves and decorate it to our hearts' content! It's going to be awesome!

For 7 year olds

Wind chimes

During the workshop, we will make our own instruments! They will introduce children to the world of natural sounds and explain, in a simple way, what sound is and how it is created. Participants will discover that the movement of air and different materials can make music without the use of electricity or electronics. Each child will take home their own wind chime—a working example of the knowledge they've gained!

Step 2:

Choose a workshop

If you chose the **Smart +** package, be sure to check out our attractions!

Meeting with an animated avatar

***Available only in the Adventure and Sea rooms for groups of 17 or more children.**

FISH

A fascinating immersion in the world of mathematics!

We'll meet a fish who will introduce us to an underwater, mathematical world. We'll try to solve underwater logic puzzles, count all the fish in the ocean, and play math games!

BEE

Sweet flight to an ecological meadow!

We'll meet the hardworking Bee, who'll tell us a little about delicious honey—and more! We'll learn why bees are essential to our planet, how climate change impacts human life, and what each of us can do every day to become an ecological superhero!

The workshop affects: the physical, social, emotional and cognitive areas of a child's development

Step 2: *Choose workshops and attractions*

NEW!

Experiments

Little Scientist's Laboratory

In our lab full of puzzles, we'll discover that anyone can become a scientist! We'll conduct experiments ourselves, learning about the chemical properties of the substances around us. It'll be a true explosion of color!

Smart Premium

For 5 year olds

Science shows

Dry Ice Fever

It's time to meet the amazing ice cube that won't melt! Thanks to the ice cube frozen to room temperature - 78.5 degrees Celsius of carbon dioxide, we will try to perform a concert, create giant soap bubbles, and also create a waterfall of steam!

Secrets of liquid nitrogen

During the show, we will discover the secrets that nitrogen holds! But what happens when we cool it to -196 degrees Celsius? Will it be useful for driving nails? Let's check it out!

For 5 year olds

Culinary

Pizza

*available only in the curiosity room

Is there a dish that absolutely everyone loves? Of course, it's PIZZA! And we know that the most delicious dishes are those we make ourselves! We can choose our favorite ingredients and toppings, and even shape our pies into fanciful shapes!

Step 3: *Choose the room where you want to organize the party*

Jungle room
up to 16 people

Adventure room
up to 16 people

Curiosity room
up to 16 people

Sea Room
up to 16 people

Step 4:

Choose your refreshments and additions

👉 Birthday cakes

👉 Refreshments for children and parents

👉 Room decoration

👉 Colorful invitations

DUE TO THE REGULATIONS IN FORCE AT OUR CENTER, PIÑATAS AND CAKE FLARES CANNOT BE USED.

It is possible to reserve a table for parents in the restaurant section after purchasing snacks for a minimum amount of PLN 150.
